# FOLLOWING IN THE FOOTSTEPS OF P-22 HIKE

## October 20-24

For 5 days and more than 50 miles, NWF's California Regional Executive Director, Beth Pratt, leads her 5<sup>th</sup> annual hike through the Santa Monica Mountains and Los Angeles—taking a similar path to the one that P-22 may have followed. Wearing an actual mountain lion research collar, and tracked virtually by people worldwide, this journey illustrates how connectivity is integral not just for the future of mountain lions, but for all wildlife.

Follow her journey LIVE on [P-22's Facebook Page](#)

Hike kicks off at 9:00 am PT on October 20!
